

Virginia Commonwealth University
University Undergraduate Curriculum Committee
Thursday, April 26, 2007, 2-5 p.m.
Student Commons, Virginia Room D

MINUTES

Members present: Laura Moriarty(Chair), Cliff Fox, Nancy Lampert, Karen Carey, Patty Gray, Martha Moon, Hershall Emery, William Korzun, Marianne Miller, Teri Dunnivant, Barbara Judy, Hongsik Choi, Paula Otto, Charles Klink, Sandford Schwartz

Members absent: Elizabeth Hodges, Joseph Walsh, Elizabeth Meixner, Sandra Wheeler, Shannon Mitchell, Alan Freedman,

Guests: Bill Newmann, Micheal Peters, Mohomad Gad-El-Hak, Russell Jamison, Gerald Miller

1. Proposals for review and action

New Business:

U 2007-4-26-001 EDU Health and Human Performance Tabled
Revision of track: Revise track/concentration/emphasis (Effective 073)

U 2007-4-26-002 HS School of World Studies Approved
Deletion of course: RUSS 301, 302 Survey of Literature (Effective 081)

U 2007-4-26-003 HS Mathematics Approved
New course: MATH 380 Introduction to Mathematical Biology (Effective 073)

U 2007-4-26-004 EGR Electrical and Computer Eng. Approved
New course: EGRE 101 (Effective 073)

U 2007-4-26-004a EGR Electrical and Computer Eng. Approved
New course: EGRE 101 (Effective 073)

U 2007-4-26-004b EGR Electrical and Computer Eng. Approved
New course: EGRE 101 (Effective 073)

U 2007-4-26-005 Deleted – Already reviewed

U 2007-4-26-005a Deleted – Already reviewed

U 2007-4-26-006 EGR Electrical and Computer Eng. Approved

Deletion of Course: EGRE 445 (Effective 073)

U 2007-4-26-006a EGR Electrical and Computer Eng. Approved

Deletion of Course: EGRE 429 (Effective 073)

U 2007-4-26-007 EGR Mechanical Engineering Approved

New Course: EGRM 101 Introduction to Engineering (Effective 073)

U 2007-4-26-007a EGR Mechanical Engineering Approved

New Course: EGRM 401 Mechanical Engineering Leadership (Effective 073)

U 2007-4-26-008 EGR Chemical and Life Science Eng. Approved

New Course: CLSE 101 Intro to Engineering (Effective 073)

U 2007-4-26-008a EGR Chemical and Life Science Eng. Approved

Revision of major: UNIV 111 & 112 being added, EGRL 200 remains, EGRR 101 replaced by CLSE 101(credit for new course 3 instead of 4), increase MATH 307 from 3 to 4 credits, EGRC 201 moved to sophomore year, EGRC 204 is being deleted, and CLSE 215 added to replace EGRC 115 (Effective 073)

U 2007-4-26-009 EDU Health and Human Education Tabled

Revision course prerequisite/curriculum: Proposal changes the time framework in which the Praxis II test needs to be taken and passed (Effective 073)

U 2007-4-26-010 EGR Mechanical Engineering Approved

Revision of major/degree program: UNIV 111 replacing EGRL 101, UNIV 112 is a new course, EGRL 200 remains, EGRR 101 being replaced by EGRM 101(number of credits 3 instead of 4), MATH 307 increased from 3 to 4 credits, EGRR being moved from junior fall to junior spring, EGRR 305 moved from junior spring to senior fall, STAT 541 moved to junior fall and be a prerequisite for EGRR 305, MATH 310 added as a required course, ENRM 309 moved from junior fall to sophomore fall, and a life science elective has been added (Effective 073)

U 2007-4-26-011 EGR Mechanical Engineering Approved

Revision of course: MATH 201 changed from a corequisite to a prerequisite and EGRR 102 added as a prerequisite (Effective 073)

U 2007-4-26-012 EGR Mechanical Engineering Approved

Revision of course: MATH 301 was removed as a prerequisite and replaced with MATH 201 because the content of MATH 201 is sufficient for EGRM 204 (Effective 073)

U 2007-4-26-013 EGR Mechanical Engineering Approved

Revision of course: EGRR 304 was changed to EGRM 204 to reflect the prior conversion of the EGRR 304 course into EGRM 204. EGRR 302 was added as a corequisite. This requirement will ensure that students enrolling in EGRM 303 will be simultaneously learning heat transfer if they have not already completed EGRR 302 (Effective 073)

U 2007-4-26-014 EGR Mechanical Engineering Approved

Revision of course: EGRM 202 was removed as a prerequisite and replaced with PHYS 207 because the content of PHYS 207 is necessary for students enrolling in EGRM 309 (Effective 073)

U 2007-4-26-015 EGR Mechanical Engineering Approved

Revision of course: EGRM 201 was added as a prerequisite and EGRM 300 and EGRM 309 were added as corequisites. (Effective 073)

U 2007-4-26-016 EGR Mechanical Engineering Approved

Revision of course: EGRE 206 and EGRR 315 were added as prerequisites. These requirements will ensure that students enrolling in EGRM 410 have the necessary background in electric circuits and system dynamics (Effective 073)

U 2007-4-26-017 EGR Mechanical Engineering Approved

Revision of course: EGRM 215 and EGRM 201 were added as prerequisites. (Effective 073)

U 2007-4-26-018 EGR Mechanical Engineering Approved

Revision of course: EGRM 215, EGRM 420, and MATH 307 were added as prerequisites. (Effective 073)

U 2007-4-26-019 EGR Mechanical Engineering Approved

Revision of course: MATH 200 was changed from a corequisite to a prerequisite and PHYS 207 was added as a corequisite (Effective 073)

U 2007-4-26-020 EGR Mechanical Engineering Approved

Revision of course: EGRM 204 was added as a prerequisite (Effective 073)

U 2007-4-26-021 EGR Mechanical Engineering Approved

Revision of course: EGRM 204, MATH 301, and MATH 307 were added as prerequisites. (Effective 073)

U 2007-4-26-022 EGR Mechanical Engineering Approved

Revision of course: STAT 541 was added as a prerequisite so that students will be familiar with statistics before taking EGRR 305 (Effective 103)

U 2007-4-26-023 EGR Mechanical Engineering Approved

Revision of course: EGRE 206 and PHYS 207 were added as prerequisites (Effective 073)

U 2007-4-26-024 EGR Mechanical Engineering Approved

Revision of course: EGRM 300, 420, and 421 were added as prerequisites for Mechanical Engineering majors (Effective 073)

U 2007-4-26-025 EGR Chem and Life Science Eng. Approved

Deletion of Course: Delete EGRC 204 Engineering Thermodynamics (Effective 073)

U 2007-4-26-026 EGR Chem and Life Science Eng. Approved

Revision of Course: EGRC 201-Change in prerequisites entails the elimination of EGRC 115 (Effective 073)

U 2007-4-26-027 EGR Chem and Life Science Eng. Approved

Revision of Course: EGRC 202-Change in prerequisites entails the elimination of EGRC 115 (Effective 073)

U 2007-4-26-028 EGR Chem and Life Science Eng Approved

Revision of Course: EGRC 301-Change in course title reflects the fact that transport phenomena will be covered by a course sequence (Effective 073)

U 2007-4-26-029 EGR Chem and Life Science Eng. Approved

Revision: EGRC 204 will be deleted the appropriate thermodynamic concepts needed for EGRC 305 will be introduced in EGRC 201 and EGRC 202. The computer programming taught in EGRC 115 will no longer be needed in EGRC 305 (Effective 073)

U 2007-4-26-030 EGR Chem and Life Science Eng. Approved

Revision of course: EGRC 312-Deletion of the “C” requirement (Effective 073)

U 2007-4-26-031 EGR Chem and Life Science Eng. Approved

Revision of course: EGRC 320-Addition of a co-requisite EGRC 301 (Effective 073)

U 2007-4-26-032 EGR Chem and Life Science Eng. Approved

Revision of course: EGRC 405-Dropping “C” prerequisite will allow students to take EGRC 405 Process Synthesis (Effective 073)

U 2007-4-26-033 EGR Chem and Life Science Eng. Approved

Revision of course: EGRC 409-Change in course title and addition of “and life science” in the description and deletion of the “C” requirement for prerequisite (Effective 073)

U 2007-4-26-034 EGR Chem and Life Science Eng. Approved

Revision of course: EGRC 428-Dropping the “C” requirement for prerequisite courses (Effective 073)

U 2007-4-26-035 EGR Chem and Life Science Eng. Approved

Revision of course: EGRC 440-Deletion of the “C” requirement for prerequisite courses (Effective 073)

U 2007-4-26-036 EGR Chem and Life Science Eng. Approved

Revision of course: EGRC 350-Change in course number to from 350 to 450 and title change to undergraduate research in chemical and life science engineering (Effective 073)

U 2007-4-26-037 EGR Chem and Life Science Eng. Approved – w/clarification of bull.

New course: CLSE 215-Introduction to programming for chemical and life science engineering (Effective 073)

U 2007-4-26-038 EGR Chem and Life Science Eng. Approved

Revision of course prefix: Change prefix from EGRC to CLSE for the attached list (Effective 073)

U 2007-4-26-039 – Omitted

U 2007-4-26-040 EGR Biomedical Engineering Approved – Library Form
New course: EGRB 102 Introduction to Engineering (Effective 073)

U 2007-4-26-041 EGR Biomedical Engineering Approved
Revision of course: EGRB 303-Adding a laboratory component Biotransport processes (Effective 073)

U 2007-4-26-042 EGR Biomedical Engineering Approved
Revision of Major: Biomedical Engineering Curriculum is being adapted to incorporate UNIV 111 and 112 and remove EGRL 101 (Effective 073)

U 2007-4-26-043 EGR Computer Science Approved
Revision of degree program: Curriculum for computer science is updated to accommodate the new VCU requirements including the focused inquiry 1 and 2 (Effective 073)

U 2007-4-26-044 HS World Studies Tabled – Missing Items
New course: ARBC 201 Intermediate Arabic I (Effective 073)

U 2007-4-26-045 HS World Studies Tabled – Missing Items
New course: ARBC 202 Intermediate Arabic II (Effective 073)

U 2007-4-26-046 HS World Studies Tabled – Need Req. Info
New course: ARBC 101-102 Elementary Arabic (Effective 073)

U 2007-4-26-047 HS World Studies Approved
Revision of course: Change GRMN 300, 301 to GRMN 317, 318 (Effective 081)

U 2007-4-26-048 HS World Studies Approved
New course: GRMN 110 Intensive Elementary German (Effective 073)

U 2007-4-26-049 HS World Studies Approved
New course: WRLD 430 Film and the City (Effective 073)

U 2007-4-26-050 HS World Studies Tabled – Clarification of credit hours, how they determine the hours, and do they want a corresponding minor
New track/concentration/emphasis: World cinema concentration (Effective 073)

U 2007-4-26-051 HS World Studies Approved
Revision track/concentration/emphasis: Please see curriculum approval request form (Effective 073)

U 2007-4-26-052 HS World Studies Approved
New course: SPAN 307 Spanish Conversation and Film (Effective 073)

U 2007-4-26-053	HS	World Studies	Approved
New course: LGCC 405-406-407 Spanish Language and Culture for Health Care Providers (Effective 073)			
U 2007-4-26-054	HS	World Studies	Tabled – Clarification of 422
New track/concentration/emphasis: World film studies concentration (Effective 073)			
U 2007-4-26-055	HS	World Studies	Approved – Clarification to S. Schwartz
New course: SPAN 422 Spanish and Latin American Cinema (Effective 073)			
U 2007-4-26-056	HS	World Studies	Approved – Correction to typo
New course: WRLD 330 Introduction to Film Studies (Effective 073)			
U 2007-4-26-057	HS	World Studies	Approved
New course: WRLD 230 Introduction to World Cinema (Effective 073)			
U 2007-4-26-058	HS	World Studies	Approved
Revision of course: Change SPAN 405-406 to LGCC 405-406 (Effective 073)			
U 2007-4-26-059	HS	World Studies	Approved
New course: RELS 422 Religion and Film (Effective 073)			
U 2007-4-26-060	HS	World Studies	Approved
New course: CHIN 391 Topics in Chinese (Effective 073)			
U 2007-4-26-061	HS	World Studies	Approved
Revision of course: RUSS 491 Topics in Russian-variable credit, maximum increased to 9hrs. (Effective 073)			
U 2007-4-26-062	HS	World Studies	Approved
New course: WRLD 422 National Cinema (Effective 073)			
U 2007-4-26-063	HS	World Studies	Approved
New course: RUSS 422 Russian Film (Effective 073)			
U 2007-4-26-064	HS	World Studies	Approved
New course: RUSS 330 Literature and Culture (Effective 073)			
U 2007-4-26-065	HS	World Studies	Approved
New course: RUSS 311 Conversation and Media (Effective 073)			
U 2007-4-26-066	HS	World Studies	Tabled - Clarification
New minor: Minor in Russian (Effective 073)			
U 2007-4-26-067	HS	World Studies	Approved

New course: FREN 307 French Conversation and Film (Effective 073)

U 2007-4-26-068 HS World Studies Approved

New course: WRLD 499 Senior Seminar (Effective 073)

U 2007-4-26-069 HS World Studies Approved – Pending Library Form

New course: GRMN 307 German Conversation and Film (Effective 073)

U 2007-4-26-070 HS MATH Did Not Review see min. for May 2, 2007
Revision of track/concentration/emphasis: Implementing a minimum grade of “C” requirement in upper-level courses (Effective 073)

U 2007-4-26-071 HS MATH Did Not Review see min. for May 2, 2007
New track/concentration/emphasis: Biomathematics concentration (Effective 073)

U 2007-4-26-072 HS MATH Did Not Review see min. for May 2, 2007
Revision of course: MATH 307 increase to 4 lecture hours and 4 credits (Effective 073)

U 2007-4-26-073 HS World Studies Approved

Revision: RELS 322 Tibetan Buddhism with PHIL 322 (Effective 081)

U 2007-4-26-074 HS World Studies Approved

Revision of major, minor, and degree program: Anthropology program clarify requirements (Effective 073)

U 2007-4-26-075 HS World Studies Approved – Clarification of PreReq.

New course: FRLG/ANTH/EGRL/LING 448 Language, Culture, and Cognition (Effective 073)

U 2007-4-26-076 HS English Approved

Deletion of course: EGRL 390 Studies in Satire (Effective 073)

U 2007-4-26-077 HS Wilder School – Political Science Approved – Pending Degree Audit and typo correction

New concentrations within the political science degree: Civil and Human Rights concentration; International relations concentration public policy and administration and politics and government concentration (Effective 073)

U 2007-4-26-078 HS Mass Communications Did Not Review

New non-degree program: MASC Scholars program (Effective 073)
